

2022 EXCEL Virtual Training Conference

25th Anniversary
August 23 – 25, 2022

#EXCEL2022

#AdvancingDEIA

★ ★ CALL FOR PROPOSALS ★ ★

All proposals due on or before April 1, 2022

As we plan for the **25TH ANNIVERSARY** of providing cutting-edge education, training, and professional development for Equal Employment Opportunity (EEO), Human Resources (HR), and Alternate Dispute Resolution (ADR) professionals and practitioners from private, state & local and federal organizations, we are pleased to invite you to participate in the U.S. Equal Employment Opportunity Commission's (EEOC) 25th **EX**amining **C**onflicts in **E**mployment **L**aw (**EXCEL**) Training Conference, Call for Proposals. The theme for **EXCEL 2022** is "**25 YEARS OF EXCELLENCE**".

The EXCEL Training Conference will be a virtual event on August 23 – 25, 2022. We are currently developing the agenda and working on logistics like last year's virtual EXCEL. The Call for Proposals is limited to those speakers who will be available to conduct their presentation virtually.

If you are interested in presenting virtually for EXCEL, the **Call for Proposals Form must be completed on-line and submitted on or before April 1, 2022**. [Click here](#) for direct access to the Call for Proposals Form.

We seek EEO/HR professionals, industry consultants, academics, attorneys, professional speakers and trainers, and industry suppliers who can provide virtual education, training, and professional development to expand the knowledge base of the attendees, and provide solutions to new challenges, best practices, or trends. Attendees should leave with the practical knowledge, ideas, and tools to help them succeed in their jobs and bring value to their organizations.

We seek topics within the arena of Diversity, Equity, Inclusion & Accessibility (DEIA), Pay Equity, Racial and Systemic Discrimination, Civil Rights and the Pandemic, Retaliation, Algorithms and AI, Sexual Orientation and Gender Identity. We also welcome topics related to investigations, federal sector processes, and conflict resolution. Other trending topics we will consider include COVID-19 related topics about vaccinations, accommodations, return to workplace issues, and recruiting, hiring and retaining employees during the "Great Resignation".

If you have any questions/concerns or you have trouble accessing the above link, please contact excelproposal@eeoc.gov.

For information about exhibiting at the conference, please contact:

Michael Rojas at michael.rojas@eeoc.gov or William Rumsey at william.rumsey@eeoc.gov.

Thank you for your interest. We look forward to receiving your proposal.
